

World-class products and service, the world over

Denstone® Support Media – *Always Reliable Support*

Saint-Gobain NorPro, with its Denstone® and Denstone® deltaP® media, is the undisputed leader in catalyst bed support media technology. No matter where you are in the world, Saint-Gobain NorPro is the only supplier positioned to meet your needs with

impressive product standards, materials and service – unmatched in the industry.

Saint-Gobain NorPro's newest world-class manufacturing facility in Guanghan, China further expands our global production capabilities, providing the same consistent unrivaled quality and service our

customers have come to rely on from Denstone® bed support media for over 60 years. From our strategically positioned worldwide manufacturing in Guanghan, China, to Soddy-Daisy, Tennessee, to Steinefrenz, Germany, you can be assured of exclusive product quality and value from site-to-site.

Contact us for more information on how we can improve your oil refining and petrochemical processing applications with our world-class manufacturing expertise.
